RECOMMENDATION:

COUNCIL ADOPT RESOLUTION 14-1608 APPROVING AND AUTHORIZING THE CITY MANAGER TO EXECUTE SUPPLEMENT NO. 004 TO INTERGOVERNMENTAL AGREEMENT CON-CX-0337-05 FOR SHARING OF TELECOMMUNICATION FACILITIES WITH THE CITY OF PHOENIX (REGIONAL WIRELESS COOPERATIVE RADIO SYSTEM).

PURPOSE:

The purpose of the existing Intergovernmental Agreement (IGA) with the City of Phoenix (CON-CX-0337-05) is to provide for sharing of space and/or cost of radio system infrastructure where applicable. The supplement requested is an update to that IGA to add the new communications center to the list of included facilities so that Regional Wireless Cooperative (RWC) radio equipment can be installed and maintained at that location.

BACKGROUND AND COMMUNITY BENEFIT:

Through use of an interoperable radio system, public safety agencies can operate in a more effective and efficient manner while provided services to the public. By sharing facilities where possible, it reduces the overall operating costs of the radio system to each municipality involved, which allows those tax dollars to be directed to other projects or programs as necessary.

PREVIOUS ACTIONS AND DISCUSSION:

The original IGA was first signed in 1999 and provided the framework for all following documents regarding sharing of telecommunications facilities between Phoenix and Goodyear. The City previously executed several supplements and associated amendments with the City of Phoenix extending the IGA to cover the three existing radio sites within the City of Goodyear that were already associated with the RWC and to provide for coterminous periods of expiration.

Council action in June, 2010 extended the term of this IGA until 2020.

FISCAL ANALYSIS:

Execution of this Supplement No. 004 will not incur any additional cost to the City.
