

Loop 303 and State Route 30

Goodyear City Council Update

Presentation by:
Arizona Department of Transportation
June 11, 2018

Introductions and Overview

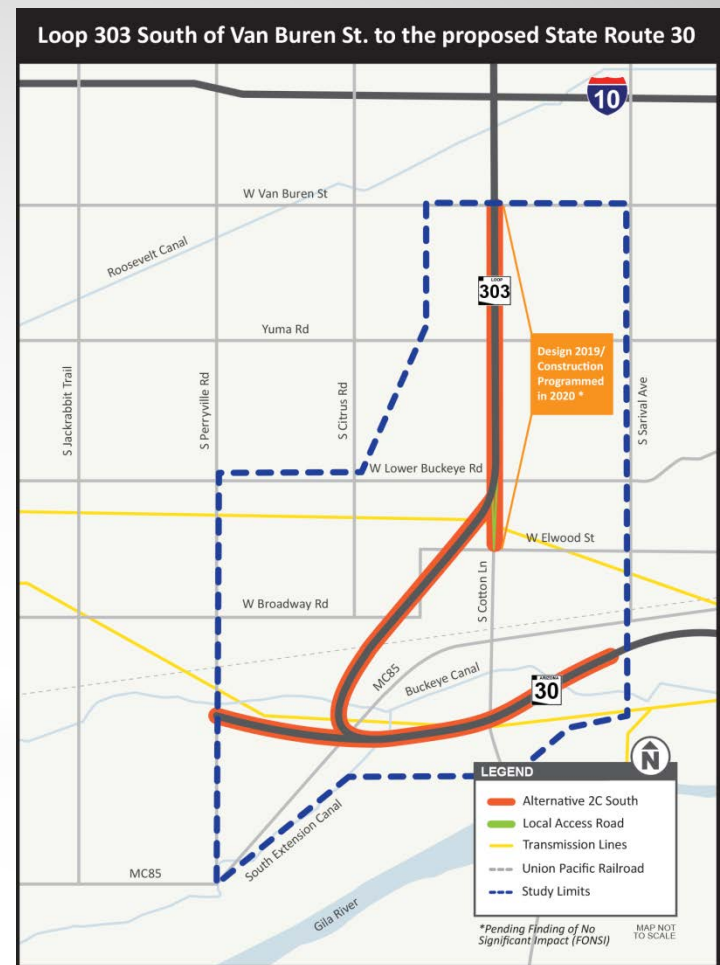

- ▶ Tricia Brown, P.E., Loop 303 Project Manager
- ▶ Gaby Kemp, ADOT Community Relations Project Manager
- ▶ Loop 303 Update
- ▶ SR 30 Overview

Loop 303 Study

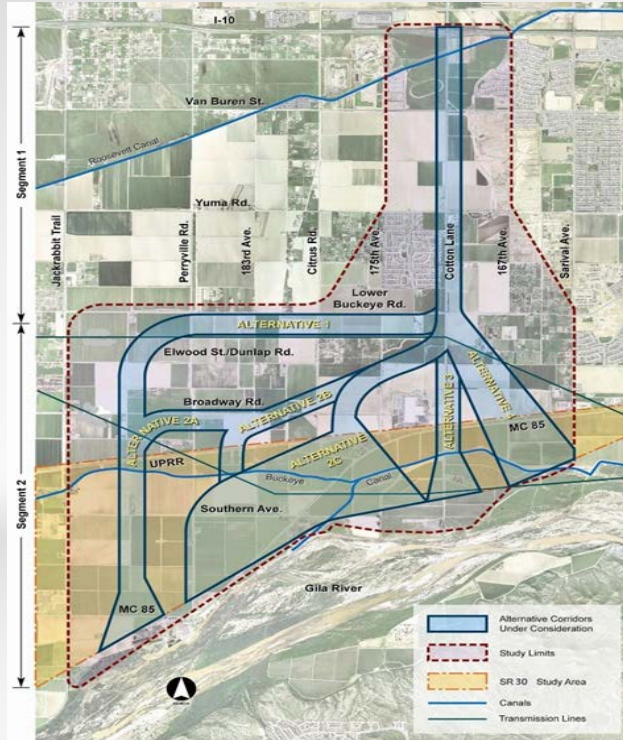

I-10 to SR 30

Latest Developments:

- ▶ **Loop 303: Van Buren Street to MC 85 anticipated construction in 2020**
- ▶ **Public Hearing scheduled**
- ▶ **Alternative 2C South**

Loop 303 - Alternatives Analysis

Corridors Evaluated

Alternative 2C South

No Build Alternative

- ▶ The No Build Alternative in an environmental study is the baseline condition carried forward if the proposed action (major transportation facility) was not built
- ▶ The No Build Alternative will provide the Loop 303 study team with a basis against which social, environmental, and economic impacts can be measured
- ▶ The No Build Alternative has been studied in the Loop 303 Environmental Assessment (EA) and compared with the Preferred Alternative
- ▶ The No Build Alternative assumes the construction of all other funded transportation projects in the study area (e.g., City, County and MAG projects) would be built

National Environmental Policy Act of 1969 (NEPA)

- ▶ The National Environmental Policy Act of 1969 (NEPA) is a law written to analyze, disclose, minimize and mitigate environmental impacts for federally funded projects.
- ▶ NEPA's basic policy requires applicable federal agencies to review impacts and mitigations to NEPA studies.
- ▶ An Environmental Assessment (EA) is the NEPA-level document that will be used to evaluate potential impacts for the proposed SR 30 Study and the L303.

Loop 303 - Public Involvement Summary

Public Meetings/ Forums

- ▶ November 30, 2006
- ▶ November 17, 2007
- ▶ December 6, 2017
- ▶ January 30, 2018
- ▶ January 31, 2018

Loop 303 - Study Public Hearing

Goodyear Ballpark

- ▶ June 27, 2018
- ▶ 3-7 p.m.
- ▶ Purpose:

To inform the public of
Preferred Alternative
and receive input

Loop 303 - Next Steps

- ▶ Public Hearing - Spring 2018
- ▶ Finalize Environmental Assessment and Design Concept Report - Summer 2018
- ▶ Right of Way/ Design Anticipated – 2019
- ▶ Construction - 2020

State Route 30 Study – Loop 303 to Loop 202

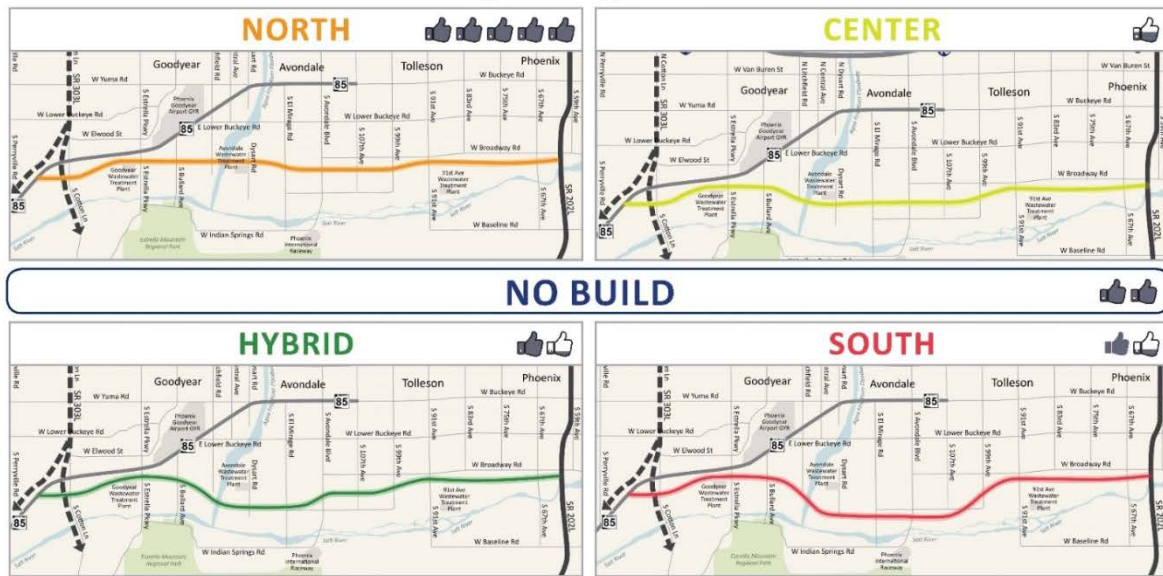

2011–2015

4 BUILD ALTERNATIVES AND NO BUILD

Public support results (👍) are based on 60 comments from the January 2015 public meeting.

👍=10% 👍=>10%

2015

State Route 30 Study – Loop 303 to Loop 202

- ▶ Selected a Recommended Build Alternative (RBA)
- ▶ Environmental & Engineering documents evaluating RBA against the No-Build Alternative
- ▶ Recommended Alternative decision in Fall 2018

Hybrid Alternative

SR 30 - Next Steps

- ▶ Public Hearing- Fall 2018
- ▶ Finalize Environmental Assessment & Design Concept Report - Summer 2019
- ▶ Right of Way Acquisition – 2020 to 2021
- ▶ Construction on Phase I – 2022

SR 30 - Public Involvement Summary

- ▶ March 2006 - Agency & Public Scoping meetings
- ▶ May 2007 - Public Meeting
- ▶ January 2015 - Public Meeting
- ▶ November 2017 - Public Meeting
- ▶ Public Hearing - Fall 2018

Thank you!
