The City of Goodyear, Arizona (the “City”), will issue its General Obligation Bonds, Series 2019 (the “Project Bonds”) and its General Obligation Refunding Bonds, Series 2019 (the “Refunding Bonds” and, together with the Project Bonds, the “Bonds”). The Bonds will provide funds to (i) acquire and construct certain fire protection, public safety and parks and recreation improvements, (ii) refund certain maturities of the City’s outstanding general obligation bonds (the “Bonds Being Refunded”), and (iii) pay the costs of issuance of the Bonds. The Bonds will mature on the dates and in the principal amounts and will bear interest from their dated date at the rates set forth on the inside front cover pages hereof.

Interest on the Bonds will accrue from their date and be payable semiannually on January 1 and July 1 of each year, commencing on July 1, 2019*, until maturity or prior redemption. Principal of the Bonds will be payable in accordance with the maturity schedules set forth on the inside front cover pages hereof. So long as the Bonds are in book-entry-only form, principal of and interest on the Bonds will be paid to The Depository Trust Company, a registered securities depository (“DTC”), for credit to the accounts of the DTC participants and, in turn, to the accounts of the owners of beneficial interests in the Bonds. See APPENDIX D – “BOOK-ENTRY-ONLY SYSTEM.”

See Inside Front Cover Pages for Maturity Schedules and Additional Information

Certain of the Bonds are subject to optional redemption prior to maturity. See “THE BONDS – Redemption Provisions” herein.

Principal of and interest on the Project Bonds will be direct, general obligations of the City, payable from a continuing, direct, annual, ad valorem tax levied against all taxable property within the boundaries of the City unlimited as to the rate or amount. See “SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS” herein.

Principal of and interest on the Refunding Bonds will be direct, general obligations of the City, payable from a continuing, direct, annual, ad valorem tax levied against all taxable property within the boundaries of the City without limit as to rate, but limited in amount to a total amount not greater than the aggregate amount of principal and interest which will become due on the Bonds Being Refunded from the date of issuance of the Bonds to the final maturity of the Bonds Being Refunded. The application of such taxes to the Refunding Bonds will be subject to the prior rights of the owners of the Bonds Being Refunded to payment from the same ad valorem taxes in the event the monies from the maturing principal and income from government obligations issued or guaranteed by the United States of America and purchased with the net proceeds of the Refunding Bonds are insufficient to pay the principal of and premium, if any, and interest on the Bonds Being Refunded, as they become due. See “SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS,” “PLAN OF REFUNDING” and “VERIFICATION OF MATHEMATICAL COMPUTATIONS” herein.

The Bonds are offered when, as and if issued by the City and received by the underwriter identified below (the “Underwriter”), subject to the approval of Gust Rosenfeld P.L.C., Phoenix, Arizona, Bond Counsel, as to validity and tax exemption. Certain legal matters will also be passed upon for the Underwriter by Greenberg Traurig, LLP, Phoenix, Arizona. It is expected that the Bonds will be delivered to DTC on or about May 29, 2019*.

As used in this Official Statement, “County” means Maricopa County, Arizona and “State” or “Arizona” means the State of Arizona.

THE BONDS

Authorization and Purpose

The Bonds will be issued pursuant to A.R.S. Title 35, Chapter 3, Articles 3 and 4, approval given by the qualified electors of the City at elections held on May 17, 1988 and September 7, 2004 and a resolution authorizing issuance of the Bonds adopted by the Mayor and Council of the City on April 8, 2019* (the “Bond Resolution”). The Bonds are being issued to provide funds to (i) acquire and construct certain fire protection, public safety and parks and recreation improvements, (ii) refund certain maturities of the City’s outstanding general obligation bonds (the “Bonds Being Refunded”), and (iii) pay the costs of issuance of the Bonds.

Set forth below is a listing of the projects expected to be funded by the Project Bonds and an estimate of their respective costs.

<u>Projects to be Funded</u>	<u>Estimated Cost*</u>
Fire Protection Improvements	\$ 6,745,000
Public Safety Improvements	575,000
Parks and Recreation Improvements	19,655,000
Total	<u>\$26,975,000</u>

General Provisions

The Bonds will be dated as of the date of initial delivery and will bear interest from such date payable on July 1, 2019*, and semiannually thereafter on January 1 and July 1 of each year until maturity or prior redemption. The Bonds will

* Subject to change.

mature on the dates and in the principal amounts and will bear interest at the rates set forth on the inside front cover pages of this Official Statement.

Initially, the Bonds will be administered under a book-entry-only system (the “Book-Entry-Only System”) by The Depository Trust Company, a registered securities depository (“DTC”). Unless and until the Book-Entry-Only System is discontinued, the Bonds will be registered in the name of Cede & Co., as nominee of DTC. Beneficial interests in the Bonds will be offered for sale in amounts of \$5,000 of principal due on a specific maturity date and integral multiples thereof, and payments of principal of and interest on the Bonds will be made to DTC and, in turn, through participants in the DTC system. See APPENDIX D – “BOOK-ENTRY-ONLY SYSTEM.”

SO LONG AS CEDE & CO., AS NOMINEE FOR DTC, IS THE REGISTERED OWNER OF THE BONDS, REFERENCES IN THIS OFFICIAL STATEMENT TO THE OWNERS OR REGISTERED OWNERS OF THE BONDS (OTHER THAN UNDER THE HEADINGS “TAX EXEMPTION,” “BOND PREMIUM” AND “ORIGINAL ISSUE DISCOUNT”) WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS.

Registrar and Paying Agent

U.S. Bank National Association will serve as bond registrar and paying agent with respect to the Bonds (along with any successor thereto, the “Registrar”). If the Book-Entry-Only System is discontinued, the Registrar will administer registration and transfer of the Bonds and the Bonds will be transferable only upon the bond register to be maintained by the Registrar upon surrender to the Registrar. The Registrar may be changed without notice to any owner or beneficial owner of the Bonds.

Redemption Provisions*

Optional Redemption

The Project Bonds maturing on or prior to July 1, 20__, are not subject to call for redemption prior to maturity. The Project Bonds maturing on or after July 1, 20__, are subject to call for redemption prior to maturity, at the option of the City, in whole or in part, on July 1, 20__, or on any date thereafter, by the payment of a redemption price equal to the principal amount of each Project Bond called for redemption plus accrued interest to the date fixed for redemption, but without premium.

The Refunding Bonds will not be subject to optional redemption prior to their stated maturities.

Mandatory Redemption

The Project Bonds maturing on July 1, 20__* and on July 1, 20__* will be redeemed from funds of the City prior to maturity on July 1 of the following years and in the following amounts, upon payment of the redemption price which consists of the principal amount of the Project Bonds so redeemed plus accrued interest, if any, on the Project Bonds so redeemed from the most recent interest payment date to the redemption date, but without premium:

Redemption Date*	Principal Amount Redeemed*
20__	
20__	
20__	
20__ (Maturity)	

Notice of Redemption

So long as the Bonds are held under the Book-Entry-Only System, notices of redemption will be sent to DTC, in the manner required by DTC. If the Book-Entry-Only System is discontinued, notice of redemption of any Bond will be mailed to the registered owner of the Bond or Bonds being redeemed at the address shown on the bond register maintained by the Registrar not more than sixty (60) nor less than thirty (30) days prior to the date set for redemption. Failure to properly give notice of redemption shall not affect the redemption of any Bond for which notice was properly given. Notice of redemption may be sent to any securities depository by mail, facsimile transmission, wire transmission or any

* Subject to change.

other means of transmission of the notice generally accepted by the respective securities depository. Notice of any redemption will also be sent to the Municipal Securities Rulemaking Board (the “MSRB”), currently through the MSRB’s Electronic Municipal Market Access system (“EMMA”), in the manner required by the MSRB, but no defect in said further notice or record nor any failure to give all or a portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed above.

If moneys for the payment of the redemption price and accrued interest are not held in separate accounts by the City or by a paying agent prior to sending the notice of redemption, such redemption shall be conditional on such moneys being so held on or prior to the date set for redemption and if not so held by such date the redemption shall be cancelled and be of no force and effect. The notice of redemption shall describe the conditional nature of the redemption.

Effect of Call for Redemption

Notice of redemption having been given in the manner described above, the Bonds or portions thereof called for redemption will become due and payable on the redemption date and if an amount of money sufficient to redeem all the Bonds or portions thereof called for redemption is held in separate accounts by the City or by a paying agent, then the Bonds or portions thereof called for redemption will cease to bear interest from and after such redemption date.

Redemption of Less Than All of a Bond

The City may redeem an amount which is included in a Bond in the denomination in excess of, but divisible by, \$5,000. In that event, if the Book-Entry-Only System is discontinued, the registered owner shall submit the Bond for partial redemption, the Registrar shall make such partial redemption, and the Registrar shall cause a new Bond in a principal amount which reflects the redemption so made to be authenticated, issued and delivered to the registered owner thereof.

SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS

Security for the Bonds

The Project Bonds will be direct general obligations of the City, payable as to both principal and interest from ad valorem taxes levied against all taxable property located within the City without limit as to rate or amount.

The Refunding Bonds will be direct general obligations of the City, payable as to both principal and interest from ad valorem taxes levied against all taxable property within the City without limit as to rate, but limited in amount to a total amount not greater than the aggregate amount of principal and interest which will become due on the Bonds Being Refunded from the date of issuance of the Bonds to the final maturity of the Bonds Being Refunded. The application of such taxes to the Refunding Bonds will be subject to the prior rights of the owners of the Bonds Being Refunded to payment from the same ad valorem taxes in the event the monies from the maturing principal and income from the Government Obligations (as defined herein) in the Depository Trust (as defined herein) are insufficient to pay the principal of, premium, if any, and interest on the Bonds Being Refunded, as they become due. See “PLAN OF REFUNDING” and “VERIFICATION OF MATHEMATICAL COMPUTATIONS” herein.

Following collection and deposit of moneys into the debt service fund for payment of the Bonds, the City may invest such moneys in investments comprised of, with certain restrictions: federally insured savings accounts or certificates of deposit from eligible depositories; collateralized repurchase agreements; obligations issued or guaranteed by the United States or any agency or instrumentality thereof; obligations of the State or any Arizona city (including the City), town or school district; bonds of any county, municipal or municipal utility improvement district payable from property assessments; the local government investment pool established by the State of Arizona; commercial paper of prime quality that is rated “P1” by Moody’s Investors Service, Inc. (“Moody’s”) or rated “A+” or better by S&P Global Ratings, a division of Standard & Poor’s Financial Services, LLC (“S&P”) or their successors (all commercial paper must be issued by corporations organized and doing business in the United States); and fixed income securities of corporations organized and doing business in the United States rated “A” or better by Moody’s and S&P. **THE PROCEEDS OF THE BONDS ARE NOT PLEDGED TO, NOR DO THEY SECURE, PAYMENT OF THE BONDS.** A record of property taxes levied and collected by the City for the current and most recent five fiscal years is set forth in APPENDIX B – “CITY OF GOODYEAR, ARIZONA – Financial Data.”

Currently and from time to time, there are legislative proposals (and interpretations of such proposals by courts of law and other entities and individuals) which, if enacted, could alter or amend the property tax system of the State and numerous matters, both financial and non-financial, impacting the operations of political subdivisions of the State which

could have a material impact on the City and could adversely affect the secondary market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to obligations (such as the Bonds) issued prior to enactment.

Defeasance

Pursuant to the Bond Resolution, payment of all or any part of the Bonds may be provided for by the irrevocable deposit, in trust, of moneys or obligations issued or guaranteed by the United States of America (“Defeasance Obligations”) or both, which, with the maturing principal of and interest on such Defeasance Obligations, if any, will be sufficient, as evidenced by a certificate or report of an accountant, to pay when due the principal or redemption price of and interest on such Bonds. Any Bonds so provided for will no longer be outstanding under the Bond Resolution or payable from ad valorem taxes on taxable property in the City, and the owners of such Bonds shall thereafter be entitled to payment only from the moneys and Defeasance Obligations deposited in trust.

ADDITIONAL BONDS

General Obligation Bonds

The City expects to issue additional general obligation bonds in the future pursuant to existing and future voted bond authorizations. Such bonds will be payable from the same levy of ad valorem taxes as the Bonds and all then-outstanding general obligation bonds. After issuance of the Bonds, the City is authorized to issue \$115,666,616* of general obligation bonds, pursuant to voter approval from special bond elections held on May 17, 1988, March 8, 1994, September 12, 2000 and September 7, 2004. The purposes and amounts of such authorized but unissued bonds are set forth in the following table.

Purpose of General Obligation Bond Authorization	Total General Obligation Bonds Authorized but Unissued	
Public Safety	\$ 9,675,000	*
Parks and Recreation	-	*
Public Buildings	45,195,000	*
Fire Protection	5,255,000	
Sewer System	26,646,616	(a)
Storm Sewers and Bridge Drainage	17,800,000	(b)
Street and Highway	7,845,000	(c)
Transportation	3,250,000	(c)
Total	<u>\$115,666,616</u>	*

- (a) Such bonds may be issued as either general obligation or water and sewer revenue bonds.
- (b) \$4.0 million of the total may be issued as either general obligation or water and sewer revenue bonds.
- (c) Such bonds may be issued as either general obligation or highway user revenue bonds.

PLAN OF REFUNDING

A portion of the proceeds of the Refunding Bonds will be placed in an irrevocable depository trust (the “Depository Trust”) with U.S. Bank National Association (the “Depository Trustee”) to be applied to the payment of the principal of and interest due on the Bonds Being Refunded identified below. Such funds will be used to acquire noncallable obligations issued or guaranteed by the United States of America (the “Government Obligations”), the principal of and interest on which, when due, are calculated to be sufficient to provide moneys to pay the principal of and interest due on the Bonds Being Refunded. See “VERIFICATION OF MATHEMATICAL COMPUTATIONS.” The Government Obligations will be held by the Depository Trustee in trust for the payment of such principal of, and interest on the Bonds Being Refunded pursuant to the terms of a depository trust agreement between the City and the Depository Trustee.

* Subject to change.

LITIGATION

To the knowledge of appropriate representatives of the City, no litigation or administrative action or proceeding is pending or threatened restraining or enjoining, or seeking to restrain or enjoin, the execution, sale or delivery of the Bonds or contesting or questioning the proceedings and authority under which the Bonds have been authorized and are to be executed, sold or delivered, or the validity of the Bonds.

LEGAL MATTERS

Legal matters relating to the validity of the Bonds under Arizona law, and with regard to the tax-exempt status of the interest thereon (see “TAX EXEMPTION”) will be prepared by Gust Rosenfeld P.L.C., Phoenix, Arizona (“Bond Counsel”). The signed legal opinions of Bond Counsel, dated and premised on the law in effect only as of the date of original delivery of the Bonds will be delivered to the City at the time of original issuance.

The proposed forms of the legal opinions are set forth as APPENDIX E. The legal opinions to be delivered may vary from the text of APPENDIX E if necessary to reflect the facts and law on the date of delivery. The opinions will speak only as of their date, and subsequent distribution, by recirculation of this Official Statement or otherwise, should not be construed as a representation that Bond Counsel has reviewed or expressed any opinion concerning any matters relating to the Bonds subsequent to the original delivery of the Bonds.

Bond Counsel has reviewed the information in the tax caption on the cover page as well as the information under the headings “THE BONDS,” “SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS,” “ADDITIONAL BONDS,” “PLAN OF REFUNDING,” “TAX EXEMPTION,” “BOND PREMIUM,” “ORIGINAL ISSUE DISCOUNT,” “CONTINUING SECONDARY MARKET DISCLOSURE” (except as it relates to compliance with prior continuing disclosure certificates) and “RELATIONSHIP AMONG PARTIES” (but only as it applies to Bond Counsel) and in APPENDICES E and F but otherwise has not participated in the preparation of this Official Statement and will not pass upon its accuracy, completeness or sufficiency. Bond Counsel has neither examined nor attempted to examine nor verify any of the financial or statistical statements or data contained in this Official Statement and will express no opinion with respect thereto.

Such legal opinion expresses the professional judgment of Bond Counsel as to the legal issues explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the performance of parties to the transaction. The rendering of an opinion also does not guarantee the outcome of any legal dispute that may arise out of the transaction.

Certain legal matters will be passed upon for the Underwriter by Greenberg Traurig, Phoenix, Arizona, counsel to the Underwriter (“Counsel to the Underwriter”).

TAX EXEMPTION

In the opinion of Bond Counsel, under existing laws, regulations, rulings and judicial decisions, and assuming continuing compliance with certain restrictions, conditions and requirements by the City as described below, interest income on the Bonds is excluded from gross income for federal income tax purposes and is exempt from State of Arizona income taxes. The opinions of Bond Counsel will be dated the date of delivery of the Bonds. The forms of such opinions are included herein in APPENDIX E – “FORMS OF APPROVING LEGAL OPINIONS.”

The Internal Revenue Code of 1986, as amended (the “Code”), imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the Bonds from gross income for federal income tax purposes, including a requirement that the City rebate to the federal government certain of its investment earnings with respect to the Bonds. The City has covenanted to comply with the provisions of the Code relating to such matters. Failure to comply with such restrictions, conditions, and requirements could result in the interest income on the Bonds being included in gross income for federal income tax purposes, under certain circumstances, from the date of issuance. The opinion of Bond Counsel assumes continuing compliance with such covenants.

The Code also imposes an “alternative minimum tax” upon certain individuals. A taxpayer’s “alternative minimum taxable income” (“AMTI”) is its taxable income with certain adjustments. Interest income on the Bonds is not an item of tax preference to be included in the AMTI of individuals.

Although Bond Counsel will render an opinion that, as of the delivery of the Bonds, interest income on the Bonds is excluded from gross income for federal income tax purposes, the accrual or receipt of interest on the Bonds may otherwise affect a Beneficial Owner's (as defined herein) federal tax liability. Certain taxpayers may experience other tax consequences. Taxpayers who become Beneficial Owners of the Bonds, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain subchapter S corporations, individuals who receive Social Security or Railroad Retirement benefits and taxpayers who have or are deemed to have incurred indebtedness to purchase or carry tax-exempt obligations, should consult their tax consultants as to the applicability of such tax consequences to the respective Beneficial Owner. The nature and extent of these other tax consequences will depend upon the respective Beneficial Owner's particular tax status and the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

The Bonds are not "private activity bonds" within the meaning of Section 141 of the Code.

From time to time, there are legislative proposals in Congress, which, if enacted, or made effective, could alter or amend the federal tax matters referred to above or adversely affect the market value of the Bonds. Any such change that occurs before initial delivery of the Bonds could cause Bond Counsel to deliver an opinion substantially different from the forms of opinions shown in APPENDIX E – "FORMS OF APPROVING LEGAL OPINIONS." The extent of change in Bond Counsel's opinion cannot be determined at this time. It cannot be predicted whether, when or in what form any such proposals would apply to obligations (such as the Bonds) issued prior to enactment or effective date. Prospective purchasers should consult with their own tax advisor regarding any other pending or proposed federal income tax legislation.

BOND PREMIUM

The initial public offering price of the Bonds maturing July 1, 20__ through and including July 1, 20__ (collectively, the "Premium Bonds") is greater than the amount payable on such Premium Bonds at maturity. An amount equal to the difference between the initial public offering price of a Premium Bond (assuming that a substantial amount of the Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes premium to the initial Beneficial Owner of such Premium Bonds. The basis for federal income tax purposes of a Premium Bond in the hands of such initial Beneficial Owner must be reduced each year by the amortizable bond premium, although no federal income tax deduction is allowed as a result of such reduction in basis for amortizable bond premium. Such reduction in basis will increase the amount of any gain (or decrease the amount of any loss) to be recognized for federal income tax purposes upon a sale or other taxable disposition of a Premium Bond. The amount of premium which is amortizable each year by an initial Beneficial Owner is determined by using such Beneficial Owner's yield to maturity. Beneficial Owners of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable bond premium with respect to the Premium Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning Premium Bonds.

ORIGINAL ISSUE DISCOUNT

The initial public offering price of the Bonds maturing July 1, 20__ through and including July 1, 20__ (collectively, the "Discount Bonds"), are less than the respective amounts payable at maturity. As a result, the Discount Bonds will be considered to be issued with original issue discount. The difference between the initial public offering price (assuming it is the first price at which a substantial amount of that maturity of Discount Bonds was sold (the "OID Issue Price")) of the Discount Bonds, and the amount payable at maturity of the Discount Bonds will be treated as "original issue discount." With respect to a Beneficial Owner who purchases a Discount Bond in the initial public offering at the OID Issue Price and who holds the Discount Bond to maturity, the full amount of original issue discount will constitute interest income which is not includible in the gross income of the Beneficial Owner of the Discount Bond for federal income tax purposes and Arizona income tax purposes and that Beneficial Owner will not, under present federal income tax law and present Arizona income tax law, realize a taxable capital gain upon payment of the Discount Bond at maturity.

The original issue discount on each of the Discount Bonds is treated for federal income tax purposes and Arizona income tax purposes as accreting daily over the term of such Discount Bond on the basis of a constant interest rate compounded at the end of each six-month period (or shorter period from the date of original issue) ending on January 1 and July 1 (with straight-line interpolation between compounding dates).

The amount of original issue discount accreting each period will be added to the Beneficial Owner's tax basis for the Discount Bond. The adjusted tax basis will be used to determine taxable gain or loss upon disposition of the Discount

Bond. An initial Beneficial Owner of a Discount Bond who disposes of the Discount Bond prior to maturity should consult his or her tax advisor as to the amount of the original issue discount accrued over the period held and the amount of taxable gain or loss upon the sale or disposition of the Discount Bond prior to maturity.

The Code contains certain provisions relating to the accretion of original issue discount in the case of subsequent Beneficial Owners of the Discount Bonds. Beneficial Owners who do not purchase the Discount Bonds in the initial offering at the OID Issue Price should consult their own tax advisors with respect to the tax consequences of the ownership of Discount Bonds.

A portion of the original issue discount that accretes in each year to a Beneficial Owner of a Discount Bond may result in certain collateral federal income tax consequences as described in "TAX EXEMPTION" herein.

Beneficial Owners of Discount Bonds in states other than Arizona should consult their own tax advisors with respect to the state and local tax consequences of owning Discount Bonds.

RATINGS

Moody's and S&P have assigned ratings of "___" and "___", respectively, to the Bonds. Such ratings reflect only the views of such organizations and any desired explanation of the significance of such ratings should be obtained from the rating agency furnishing the same, at the following addresses: Moody's at 7 World Trade Center at 250 Greenwich Street, New York, New York 10007 and S&P at 55 Water Street, 38th Floor, New York, New York 10041. Such ratings may subsequently be revised downward or withdrawn entirely by Moody's or S&P, if, in their respective judgment, circumstances so warrant. Any subsequent downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds. The City will covenant in its continuing disclosure certificate that it will file notice of any formal change in the ratings relating to the Bonds. See "CONTINUING SECONDARY MARKET DISCLOSURE" below.

UNDERWRITING

Stifel, Nicolaus & Company, Incorporated (the "Underwriter") has agreed to purchase the Bonds at an aggregate purchase price of \$_____, pursuant to a bond purchase agreement (the "Bond Purchase Agreement") entered into by and between the City and the Underwriter. If the Bonds are sold to produce the prices or yields shown on the inside front cover pages hereof, the Underwriter's compensation will be \$_____. The Bond Purchase Agreement provides that the Underwriter will purchase all of the Bonds so offered, if any, are purchased. The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing Bonds into unit investment trusts) and others at prices lower or yields higher than the public offering prices stated on the inside front cover pages hereof. The initial offering prices or yields set forth on the inside front cover pages may be changed from time to time by the Underwriter.

CONTINUING SECONDARY MARKET DISCLOSURE

The City will covenant for the benefit of the owners of the Bonds to provide certain financial information and operating data relating to the City by not later than February 1 in each year commencing February 1, 2020 (the "Annual Reports"), and to provide notices of the occurrence of certain listed events (the "Notices"). Such covenants will be made in order to assist the Underwriter in complying with Rule 15c2-12 of the Securities and Exchange Commission (the "Rule"). The Annual Reports, Notices and other information required to be filed by such covenants will be filed by the City with the MSRB, currently through EMMA as described in APPENDIX F – "FORM OF CONTINUING DISCLOSURE CERTIFICATE." The form of the undertaking which describes the content of the Annual Reports and the Notices and the method of their dissemination is included as APPENDIX F hereto. A failure by the City to comply with these covenants must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Pursuant to Arizona law, the ability of the City to comply with such covenants is subject to annual appropriation of funds sufficient to provide for the costs of compliance with such covenants. Should the City not comply with such covenants due to a failure to appropriate for such purpose, the City has covenanted to provide notice of such fact. Absence of continuing disclosure, due to non-appropriation or otherwise, could adversely affect the Bonds and specifically their market price and transferability.

The City failed to timely file certain operating data in its Annual Reports for Fiscal Year 2013/2014 through 2015/2016. Such missing operating data were later filed in December 2014, December 2015, March 2016 and October 2017. The City failed to provide notice of a defeasance with respect to one prior issue in connection with a refunding of two series of bonds. Until May 1, 2018, the operating data with respect to the fiscal year ended June 30, 2017 was not associated

with certain of the nine-digit CUSIP numbers for the City's previously issued bonds. The City did not timely file event filings for two rating upgrades for certain previously issued bonds that occurred in 2017 and 2018 until May 3, 2018. The City has established procedures to facilitate timely and complete filing of its Annual Reports and Notices as required by the Rule.

CITY OF GOODYEAR, ARIZONA
General Economic and Demographic Information

General

The City (also referred to herein as “Goodyear”), which incorporated in 1946, is a suburban community which lies approximately 17 miles southwest of metro Phoenix. The City was founded in 1916 by the Goodyear Tire & Rubber Company for the farming of cotton. Later, a naval air station was established in Goodyear and a subsidiary, Goodyear Aircraft (now Lockheed Martin), began manufacturing flight decks for Navy sea planes. The City has grown from a one-industry, agricultural-based community into a diversified manufacturing and service center for the far west valley area.

The City annexed 67 square miles south of its former southern boundary, in which annexation expanded the City to approximately 190 square miles. The annexed area is expected to be primarily utilized in future years for residential land uses.

Municipal Government Organization and Services

The City’s charter government provides for six council members, a Mayor elected at large and a Vice Mayor who is elected by the Mayor and council members. Council members serve four-year staggered terms and the Mayor a four-year term. The Mayor is limited to two four-year terms and council members are limited to three four-year terms. The City Manager, who is appointed by the City Council, is responsible for the overall operation and supervision of all governmental functions. The operations of City government are provided by a staff of approximately 572 employees.

The City, along with other private utilities, provides refuse collection and public safety (police and fire) to its residents. The City and Liberty Water Company provide water and sewer service to a majority of the City’s residents. Electricity is provided by Arizona Public Service Company, and natural gas is supplied by Southwest Gas Corporation.

The following are certain members of the administrative staff of the City:

Julie Arendall, City Manager. Julie Arendall was appointed City Manager in February 2018. Arendall has more than 18 years local government experience and is a Credentialed City Manager (ICMA-CM) through the International City Management Association. Prior to joining the City, Arendall served as a deputy city manager for the city of Peoria, Arizona. She joined that organization in 2012 as the human resources director after 12 years with Yavapai County, first as human resources director, and in 2007, as county administrator. Arendall was an executive-level human resources professional in the private sector before transitioning to local government. Arendall earned a Master’s degree in public administration from Grand Canyon University and a Bachelor’s degree in business management from Arizona State University. She was honored to attend the Senior Executives in Local Government Program at JFK School of Government at Harvard University, is a Certified Public Manager through Arizona State University and is a Senior Professional in Human Resources (SPHR) through the Society for Human Resources Management.

Mr. Sandstrom holds a Master's degree in public administration from the University of Wisconsin-Milwaukee and a Bachelor's degree in political science/economics from St. Cloud State University in Minnesota.

Economy

Historically agriculture was a major contributor to the City's economic base. Agriculture still plays a role in the City's economy, however, it no longer dominates the area's economy. Today much of the City's economy centers around the aerospace industry and retail services. Arizona's Airline Training Center and Lockheed Martin are located on the Phoenix-Goodyear Airport Campus. Industrial, commercial and residential developments have also become a significant part of the economy.

Goodyear Ballpark is the spring training and player development home of both of Ohio's Major League Baseball teams – the Cleveland Indians and Cincinnati Reds. The Cleveland Indians started spring training in the City in 2009; the Cincinnati Reds started spring training in the City in 2010. Each team has a year-round presence in Arizona, through Spring Training, extended Spring Training, Rookie League, Fall Instructional League and rehabilitation of injured players at their training complexes. The Indians and Reds Development Complexes each include a 42,000 square foot clubhouse, six full-size practice fields, two infields, batting cages, pitching mounds, hitting tunnels and observation towers. Both teams have made Arizona their second home, and are actively engaged in the City and surrounding communities, participating in charity activities, youth sports programs and other events.

PROPERTY TAXES

As described under the heading “SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS,” the City will be required by law to levy or to cause to be levied on all the taxable property in the City a continuing, direct, annual, *ad valorem* property tax sufficient to pay all principal, interest, and costs of administration for the Bonds as the same become due, limited in the case of the Refunding Bonds as described under such heading. The State’s *ad valorem* property tax levy and collection procedures are summarized under this heading “PROPERTY TAXES.”

Taxable Property

Real property and improvements and personal property are either valued by the Assessor of the County or the Arizona Department of Revenue (the “Department of Revenue”). Property valued by the Assessor of the County is referred to as “locally assessed” property and generally encompasses residential, agricultural and traditional commercial and industrial property. Property valued by the Department of Revenue is referred to as “centrally valued” property and generally includes large mine and utility entities.

Locally assessed property is assigned two values: Full Cash Value and Limited Property Value (both as defined herein). Centrally valued property is assigned one value: Full Cash Value.

Full Cash Value

In the context of a specific property parcel, full cash value (“Full Cash Value”) is statutorily defined to mean “that value determined as prescribed by statute” or if no statutory method is prescribed it is “synonymous with market value which means that estimate of value that is derived annually by using standard appraisal methods and techniques,” which generally include the market approach, the cost approach and the income approach. In valuing locally assessed property, the Assessor of the County generally uses a cost approach to value commercial/industrial property and a market approach to value residential property. In valuing centrally valued property, the Department of Revenue begins generally with

information provided by taxpayers and then applies procedures provided by State law. State law allows taxpayers to appeal such Full Cash Values by providing evidence of a lower value, which may be based upon another valuation approach. Full Cash Value is used as the ceiling for determining Limited Property Value. Unlike Limited Property Value, increases in Full Cash Value are not limited.

Limited Property Value

In the context of a specific property parcel, limited property value (“Limited Property Value”) is a property value determined pursuant to the Arizona Constitution and the Arizona Revised Statutes. For locally assessed property in existence in the prior year that did not undergo modification through construction, destruction, split or change in use, including that for mobile homes, Limited Property Value is limited to the lesser of Full Cash Value or an amount 5% greater than Limited Property Value determined for the prior year for such specific property parcel. Prior to 2015, Limited Property Value for a specific property parcel in existence in the prior year that did not undergo modification through construction, destruction, split or change in use, including that for mobile homes, increased by the greater of either 10% of the prior year’s Limited Property Value or 25% of the difference between the prior year’s Limited Property Value and the current year’s Full Cash Value, up to the current year’s Full Cash Value. A separate Limited Property Value was not and is not provided for centrally valued property.

Full Cash Value and Limited Property Value for Taxing Jurisdictions

The Full Cash Value in the context of a taxing jurisdiction is the sum of the Full Cash Value associated with each parcel of property in the jurisdiction. Full Cash Value of the jurisdiction is the basis for determining constitutional and statutory debt limits for certain political subdivisions in Arizona, including the City.

The Limited Property Value in the context of a taxing jurisdiction is the sum of the Limited Property Value associated with each parcel of locally assessed property within the jurisdiction plus the sum of the Full Cash Value associated with each parcel of centrally valued property within the jurisdiction. Limited Property Value of the jurisdiction is used as the basis for levying both primary and secondary taxes. See “Primary Taxes” and “Secondary Taxes” below.

Property Classification and Assessment Ratios

All property, both real and personal, is assigned a classification (defined by property use) and related assessment ratio that is multiplied by the Limited Property Value or Full Cash Value of the property, as applicable, to obtain the “Limited Assessed Property Value” and the “Full Cash Assessed Value,” respectively.

The assessment ratios for each property classification are set forth by tax year in the following table.

TABLE B-6

Property Tax Assessment Ratios (Tax Year)

Property Classification (a)	2015	2016	2017	2018	2019

(b) This percentage is determined annually pursuant to Section 42-15005.

Primary Taxes

Per State statute, taxes levied for the maintenance and operation of counties, cities, towns, school districts, community college districts and the State are “primary taxes.” Primary taxes are levied against Net Assessed Limited Property Value (as defined herein). “Net Assessed Limited Property Value” is determined by excluding the value of property exempt from taxation from Limited Assessed Property Value of locally assessed property and from Full Cash Assessed Value of centrally valued property and combining the resulting two amounts.

The primary taxes levied by each county, city, town and community college district are constitutionally limited to a maximum increase of 2% over the maximum allowable prior year’s levy limit plus any taxes on property not subject to taxation in the preceding year (e.g., new construction and property brought into the jurisdiction because of annexation). The 2% limitation does not apply to primary taxes levied on behalf of school districts.

The combined taxes on owner occupied residential property only, for purposes other than voter-approved bond indebtedness and overrides and certain special district assessments, are constitutionally limited to 1% of the Limited Property Value of such property. This constitutional limitation on the combined tax levies for owner occupied residential property is implemented by reducing the school district’s taxes. To offset the effects of reduced school district property taxes, the State compensates the school district by providing additional State aid.

Secondary Taxes

Per State statute, taxes levied for payment of the bonds like the Bonds, voter-approved budget overrides, the maintenance and operation of special purpose districts such as sanitary, fire, road improvement and joint technological education districts, and taxes levied by school districts for qualified desegregation expenditures are “secondary taxes.” Like primary taxes, secondary taxes are also levied against Net Assessed Limited Property Value. (Prior to tax year 2015, secondary taxes were levied against “Net Full Cash Assessed Value” which is determined by excluding the value of property exempt from taxation from Full Cash Assessed Value of both locally assessed and centrally valued property and combining the resulting two amounts.) There is no constitutional or statutory limitation on annual levies for voter-approved bond indebtedness and overrides and certain special district assessments. **As Net Full Cash Assessed Value was used as the basis for levying taxes for payment of bonds like the Bonds in fiscal years prior to Fiscal Year 2015/16, this Official Statement compares Net Assessed Limited Property Value with Net Full Cash Assessed Value in applicable years under the heading “TAX COLLECTIONS, TAX RATES AND VALUES” herein.**

Tax Procedures

The State tax year has been defined as the calendar year, notwithstanding the fact that tax procedures begin prior to January 1 of the tax year and continue through May of the succeeding calendar year.

On or before the third Monday in August each year the Board of Supervisors of the County prepares the tax roll setting forth certain valuations by taxing district of all property in the County subject to taxation. The tax roll is then forwarded to the Treasurer of the County (the “Treasurer”). (The Assessor of the County is required to have completed the assessment roll by December 15th of the year prior to the levy. This roll identifies the valuation and classification of each parcel located within the County for the tax year).

With the various budgetary procedures having been completed by the governmental entities, the appropriate tax rate for each jurisdiction is then levied upon each non-exempt parcel of property in order to determine the total tax owed by each property owner. Any subsequent decrease in the value of the tax roll due to appeals or other reasons reduces the amount of taxes received by each jurisdiction.

The property tax lien on real property attaches on January 1 of the year the tax is levied. Such lien is prior and superior to all other liens and encumbrances on the property subject to such tax except liens or encumbrances held by the State or liens for taxes accruing in any other years and liens imposed by the United States.

Delinquent Tax Procedures

The property taxes due the City are billed, along with State and other taxes, each September and are due and payable in two installments on October 1 and March 1 and become delinquent on November 1 and May 1, respectively. Delinquent taxes are subject to an interest penalty of 16% per annum prorated monthly as of the first day of the month. (Delinquent interest is waived if a taxpayer, delinquent as to the November 1 payment, pays the entire year’s tax bill by December 31.) After the close of the tax collection period, the Treasurer prepares a delinquent property tax list and the property so

listed is subject to a tax lien sale in February of the succeeding year. In the event that there is no purchaser for the tax lien at the sale, the tax lien is assigned to the State, and the property is reoffered for sale from time to time until such time as it is sold, subject to redemption, for an amount sufficient to cover all delinquent taxes.

After three years from the sale of the tax lien, the tax lien certificate holder may bring an action in a court of competent jurisdiction to foreclose the right of redemption and, if the delinquent taxes plus accrued interest are not paid by the owner of record or any entity having a right to redeem, a judgment is entered ordering the Treasurer to deliver a treasurer's deed to the certificate holder as prescribed by law.

In the event of bankruptcy of a taxpayer pursuant to the United States Bankruptcy Code (the "Bankruptcy Code"), the law is currently unsettled as to whether a lien can attach against the taxpayer's property for property taxes levied during the pendency of bankruptcy. Such taxes might constitute an unsecured and possibly non-interest bearing administrative expense payable only to the extent that the secured creditors of a taxpayer are oversecured, and then possibly only on the prorated basis with other allowed administrative claims. It cannot be determined, therefore, what adverse impact bankruptcy might have on the ability to collect *ad valorem* taxes on property of a taxpayer within the City. Proceeds to pay such taxes come only from the taxpayer or from a sale of the tax lien on delinquent property.

When a debtor files or is forced into bankruptcy, any act to obtain possession of the debtor's estate, any act to create or perfect any lien against the property of the debtor or any act to collect, assess or recover a claim against the debtor that arose before the commencement of the bankruptcy is stayed pursuant to the Bankruptcy Code. While the automatic stay of a bankruptcy court may not prevent the sale of tax liens against the real property of a bankrupt taxpayer, the judicial or administrative foreclosure of a tax lien against the real property of a debtor would be subject to the stay of bankruptcy court. It is reasonable to conclude that "tax sale investors" may be reluctant to purchase tax liens under such circumstances, and, therefore, the timeliness of the payment of post-bankruptcy petition tax collections becomes uncertain.

It cannot be determined what impact any deterioration of the financial conditions of any taxpayer, whether or not protection under the Bankruptcy Code is sought, may have on payment of or the secondary market for the Bonds. None of the City, the Financial Advisor, the Underwriter or their respective agents or consultants has undertaken any independent investigation of the operations and financial condition of any taxpayer, nor have they assumed responsibility for the same.

In the event the County is expressly enjoined or prohibited by law from collecting taxes due from any taxpayer, such as may result from the bankruptcy of a taxpayer, any resulting deficiency could be collected in subsequent tax years by adjusting the City's tax rate charged to non-bankrupt taxpayers during such subsequent tax years.

DIRECT AND OVERLAPPING GENERAL OBLIGATION BONDED INDEBTEDNESS

The Arizona Constitution provides that the general obligation bonded indebtedness for a municipality for general municipal purposes may not exceed six percent of the Net Full Cash Assessed Value in that municipality. In addition, an incorporated municipality may become indebted in an amount not exceeding an additional twenty percent of the Net Full Cash Assessed Value of the municipality for supplying such municipality with water, artificial light, or sewers, when the works for supplying such water, light, or sewers are or shall be owned and controlled by the municipality, and for the acquisition and development by the municipality of land or interests therein for open space preserves, parks, playgrounds and recreational facilities, public safety, law enforcement, fire and emergency services facilities and streets and transportation facilities. Current statutes require that the Net Full Cash Assessed Value be used for such calculations.

-
- (a) Proportion applicable to the City is computed on the ratio of Net Assessed Limited Property Value for Fiscal Year 2018/19 of the portion of the overlapping jurisdiction lying within the City divided by the total Net Assessed Limited Property Value of such jurisdiction. Total may not add due to rounding.
- (b) Does not include presently authorized but unissued general obligation bonds of such jurisdictions which may be issued in the future nor amounts which may be authorized at future elections. Additional bonds may be authorized by voters within such jurisdictions pursuant to future elections.

Does not include outstanding principal amount of certificates of participation, revenue obligations or loan obligations outstanding for the jurisdictions listed above. Does not include outstanding principal amounts of bonded debt payable from special assessments as such debt is presently being paid from such special assessments against affected property owners residing within the various improvement districts.

Also does not include the obligation of the Central Arizona Water Conservation District (“CAWCD”) to the United States Department of the Interior (the “Department of the Interior”), for repayment of certain capital costs for construction of the Central Arizona Project (“CAP”), a major reclamation project that has been substantially completed by the Department of the Interior. The obligation is evidenced by a master contract between CAWCD and the Department of the Interior. In April of 2003, the United States and CAWCD agreed to settle litigation over the amount of the construction cost repayment obligation, the amount of the respective obligations for payment of the operation, maintenance and replacement costs and the application of certain revenues and credits against such obligations and costs. Under the agreement, CAWCD’s obligation for substantially all of the CAP features that have been constructed so far will be set at \$1.646 billion, which amount assumes (but does not mandate) that the United States will acquire a total of 667,724 acre feet of CAP water for federal purposes. The United States will complete unfinished CAP construction work related to the water supply system and regulatory storage stages of CAP at no additional cost to CAWCD. Of the \$1.646 billion repayment obligation, 73% will be interest bearing and the remaining 27% will be non-interest bearing. These percentages have been fixed for the entire 50-year repayment period, which commenced October 1, 1993. CAWCD is a multi-county water conservation district having boundaries coterminous with the exterior boundaries of Arizona’s Maricopa, Pima and Pinal Counties. It was formed for the express purpose of paying administrative costs and expenses of the CAP and to assist in the repayment to the United States of the CAP capital costs. Repayment will be made from a combination of power revenues, subcontract revenues (i.e., agreements with municipal, industrial and agricultural water users for delivery of CAP water) and a tax levy against all taxable property within CAWCD’s boundaries. At the date of this Official Statement, the tax levy is limited to 14 cents per \$100 of Net Assessed Limited Property Value, of which 14 cents is currently being levied. (See A.R.S., Sections 48-3715 and 48-3715.02.) There can be no assurance that such levy limit will not be increased or removed at any time during the life of the contract. Does not include the obligation of the Maricopa County Flood Control District to contribute \$70 to \$80 million to the CAP. The Maricopa County Flood Control District’s sole source of revenue to pay the contribution will be ad valorem taxes on real property and improvements.

- (c) Includes the Bonds.

CITY EMPLOYEE RETIREMENT SYSTEM

The City contributes to the pension plans described below. See also APPENDIX C, Note 13 for additional information. The City reported \$7,745,204 of pension and other post-employment benefit (“OPEB”) contributions as expenditures in the governmental funds related to all plans to which it contributes.

Arizona State Retirement System

City employees participate in the Arizona State Retirement System’s (“ASRS”). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on the ASRS website at www.azasrs.gov.

Contributions. In accordance with State statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the current fiscal year, active ASRS members were required by statute to contribute at the actuarially determined rate of 11.50 percent (11.34 percent for retirement and 0.16 percent for long-term disability) of the members’ annual covered payroll, and the City was required by statute to contribute at the actuarially determined rate of 11.50 percent (10.90 percent for retirement, 0.44 percent for health insurance premium benefit, and 0.16 percent for long-term disability) of the active members’ annual covered payroll. The City’s contributions for the year ended June 30, 2018 were as follows:

	Contributions
Pension	\$ 2,760,437
Health Insurance Premium	143,399
Long-Term Disability	40,972

Pension and OPEB Assets/Liability. The net pension and OPEB assets/liability were measured as of June 30, 2017. The total liability used to calculate the net asset or net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2016, to the measurement date of June 30, 2017. The City’s proportion of the net asset/liability was based on the City’s actual contributions to the applicable plan relative to the total of all participating employers’ contributions to the plan for the year ended June 30, 2017. At June 30, 2018, the City reported the following amounts for its proportionate share of the ASRS plans net assets/liability. In addition, at June 30, 2017, the City’s percentage proportion for each plan and the related change from its proportion measured as of June 30, 2016 was:

	Net (Assets) Liability	City Portion	Increase (Decrease)
Pension	\$37,471,443	0.241%	(0.002%)
Health Insurance Premium	(132,414)	0.243	-
Long-Term Disability	87,433	0.241	-

Pension/OPEB Expense and Deferred Outflows/Inflows of Resources. The City has deferred outflows and inflows of resources related to the net pension and OPEB assets/liability. Certain changes in the net pension and OPEB assets/liability are recognized as pension and OPEB expense over a period of time rather than the year of occurrence. For the year ended June 30, 2018, the City recognized pension and OPEB expense as follows:

	Expense
Pension	\$2,380,003
Health Insurance Premium	77,450
Long-Term Disability	46,648

The City reported deferred outflows of resources and deferred inflows of resources related to pensions and OPEB from the following sources:

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions and OPEB will be recognized in pension and OPEB expense as follows:

Public Safety Personnel Retirement System

City public safety employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. The PSPRS issues a publicly available financial report that includes their financial statements and required supplementary information. The report is available on the PSPRS website at www.psprs.com.

On February 16, 2016, the Governor of Arizona signed into law pension overhaul legislation which makes several changes to the PSPRS. The changes, which only affect new hires starting work on or after July 1, 2017, will require new public employees to serve until the age of 55 before being eligible for full pension benefits. The new legislation will also cap pension benefits for new hires and split the cost of pensions 50/50 between employers and new employees, offer new hires the option of a 100% defined contribution plan and tie cost-of-living adjustments to the regional Consumer Price

Index, with a cap of 2% (the “COLA Provision”). The COLA Provision also applies to current members of the PSPRS due to voter approval at a May 17, 2016 election.

Contributions. State statutes establish the pension contribution requirements for active PSPRS employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30, 2018, are indicated below. Rates are a percentage of active members’ annual covered payroll.

	PSPRS – Police	PSPRS – Fire
Active members – pension	7.65% to 11.65%	7.65% to 11.65%
City of Goodyear:		
Pension	29.60%	24.18%
Health Insurance	0.33%	0.39%

Employers are also required to pay an Alternate Contribution Rate (ACR), for retired members who return to work in positions that would typically be filled by an employee who contributes to PSPRS. The City was required by statute to contribute at the actuarially determined rate of 8.00 percent for the PSPRS. ACR contributions are included in employer contributions presented above.

The contributions to the pension and OPEB plans for the year ended were:

	Contributions	
	PSPRS – Police	PSPRS – Fire
Pension	\$ 2,648,244	\$ 2,088,935
Health Insurance	29,524	33,693

The City’s pension and OPEB contributions are paid by the same funds as the employee’s salary, with the largest component coming from the General Fund.

Pension and OPEB Assets/Liability. At June 30, 2018, the City reported the following assets and liabilities.

	Net (Assets) Liability	
	PSPRS – Police	PSPRS – Fire
Pension	\$ 17,824,499	\$ 11,567,398
Health Insurance	(65,545)	123,174

The net pension and OPEB assets/liability were measured as of June 30, 2017. The total liability used to calculate the net asset or liability was determined by an actuarial valuation as of that date. The total liability as of June 30, 2017, reflects changes of actuarial assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2016, including decreasing the investment rate of return from 7.5 percent to 7.4 percent, decreasing the wage inflation from 4.0 percent to 3.5 percent, and updating mortality, withdrawal, disability, and retirement assumptions.

BOOK-ENTRY-ONLY SYSTEM

THE INFORMATION PROVIDED IN THIS APPENDIX D HAS BEEN PROVIDED BY DTC. NO REPRESENTATION IS MADE BY THE CITY, BOND COUNSEL, THE FINANCIAL ADVISOR, COUNSEL TO THE UNDERWRITER OR THE UNDERWRITER TO THE ACCURACY OR ADEQUACY OF SUCH INFORMATION PROVIDED BY DTC OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered securities registered will be issued in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a rating of "AA+" from Standard & Poor's. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect

to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar (initially U.S. Bank, National Association) and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Registrar on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Registrar, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and redemption payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the City or the Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

THE CITY WILL HAVE NO RESPONSIBILITY OR OBLIGATION TO DTC, DIRECT PARTICIPANTS, INDIRECT PARTICIPANTS OR BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (2) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE BONDS UNDER THE BOND RESOLUTION; (3) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE BONDS; (4) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE BONDS; (5) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF THE BONDS; OR (6) ANY OTHER MATTERS.

So long as Cede & Co. is the registered owner of the Bonds, as nominee for DTC, references herein to "Owner" or registered owners of the Bonds (other than under the caption "TAX EXEMPTION") shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of such Bonds.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference shall only relate to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they shall be sent by the City or the Registrar to DTC only.

MAYOR AND COUNCIL

CITY OF GOODYEAR, ARIZONA

We have examined the transcript of proceedings relating to the issuance by the City of Goodyear, Arizona (the “City”) of its \$_____ aggregate principal amount of General Obligation Bonds, Series 2019 (the “Project Bonds”). The Project Bonds are dated the date of initial delivery and bear interest payable January 1 and July 1 of each year, commencing July 1, 2019.

As to questions of fact material to our opinion, we have relied upon, and assumed due and continuing compliance with the provisions of, the proceedings and other documents, and have relied upon certifications, covenants and representations furnished to us without undertaking to verify the same by independent investigation, including, without limitation, those with respect to causing interest on the Bonds to be and remain excluded from gross income for federal income tax purposes.

Based upon the foregoing, we are of the opinion, as of this date, which is the date of initial delivery of the Project Bonds against payment therefor, that:

1. The Project Bonds are valid and binding general obligations of the City.
2. All taxable property within the City is subject to the levy of a direct, annual, ad valorem tax to pay the principal of and interest on the Project Bonds without limit as to rate or amount. It is required by law that there be levied, assessed and collected, in the same manner as other taxes of the City, an annual tax upon the taxable property in the City sufficient to pay the principal of and interest on the Project Bonds when due.
3. Under existing laws, regulations, rulings and judicial decisions, the interest income on the Project Bonds is excluded from gross income for the purpose of calculating federal income taxes and is exempt from Arizona income taxes. Interest income on the Project Bonds is not an item of tax preference to be included in computing the alternative minimum tax. The Project Bonds are not private activity bonds within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the “Code”). We express no opinion regarding other federal tax consequences arising with respect to the Project Bonds.

The Code imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the Project Bonds from gross income for federal income tax purposes, including a requirement that the City rebate to the federal government certain of the investment earnings with respect to the Project Bonds. Failure to comply with such restrictions, conditions and requirements could result in the interest income on the Project Bonds being included as gross income for federal income tax purposes from their date of issuance. The City has covenanted to comply with the restrictions, conditions and requirements of the Code necessary to preserve the tax-exempt status of the Project Bonds. For purposes of this opinion we have assumed continuing compliance by the City with such restrictions, conditions and requirements.

The rights of the owners of the Project Bonds and the enforceability of those rights may be subject to bankruptcy, insolvency, reorganization, moratorium and similar laws affecting creditors' rights and the enforcement of those rights may be subject to the exercise of judicial discretion in accordance with general principles of equity.

MAYOR AND COUNCIL

CITY OF GOODYEAR, ARIZONA

We have examined the transcript of proceedings relating to the issuance by the City of Goodyear, Arizona (the “City”) of its \$_____ aggregate principal amount of General Obligation Refunding Bonds, Series 2019 (the “*Refunding Bonds*”). The Refunding Bonds are dated the date of initial delivery and bear interest payable January 1 and July 1 of each year, commencing July 1, 2019.

As to questions of fact material to our opinion, we have relied upon, and assumed due and continuing compliance with the provisions of, the proceedings and other documents, and have relied upon certifications, covenants and representations furnished to us without undertaking to verify the same by independent investigation, including, without limitation, those with respect to causing interest on the Refunding Bonds to be and remain excluded from gross income for federal income tax purposes.

Based upon the foregoing, we are of the opinion, as of this date, which is the date of initial delivery of the Refunding Bonds against payment therefor, that:

1. The Refunding Bonds are valid and binding general obligations of the City.
2. All taxable property within the City is subject to the levy of a direct, annual, ad valorem tax to pay the principal of and interest on the Refunding Bonds without limit as to rate, except that the total aggregate of taxes levied to pay the principal of and interest on the Refunding Bonds, in the aggregate, shall not exceed the total aggregate amount of principal and interest to become due on the bonds being refunded from the date of issuance of the Refunding Bonds to the final date of maturity of the bonds being refunded; and subject further to the rights vested in the owners of such bonds being refunded to the payment of such bonds being refunded from the same tax source in the event of a deficiency in the moneys placed in trust for the purpose of providing for payment of principal of and premium and interest on such bonds being refunded. The owners of the Refunding Bonds must rely on the sufficiency of the moneys placed irrevocably in trust for payment of the bonds being refunded. Subject to the foregoing, it is required by law that there be levied, assessed and collected, in the same manner as other taxes of the City, an annual tax upon the taxable property in the City sufficient to pay the principal of and interest on the Refunding Bonds when due.
3. Under existing laws, regulations, rulings and judicial decisions, the interest income on the Refunding Bonds is excluded from gross income for the purpose of calculating federal income taxes and is exempt from Arizona income taxes. Interest income on the Refunding Bonds is not an item of tax preference to be included in computing the alternative minimum tax. The Refunding Bonds are not private activity bonds within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the “*Code*”). We express no opinion regarding other federal tax consequences arising with respect to the Refunding Bonds.

The Code imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the Refunding Bonds from gross income for federal income tax purposes, including a requirement that the City rebate to the federal government certain of the investment earnings with respect to the Refunding Bonds. Failure to comply with such restrictions, conditions and requirements could cause the Refunding Bonds to be “arbitrage bonds” within the meaning of the Code or otherwise result in the interest income on the Refunding Bonds being included as gross income for federal income tax purposes from their date of issuance. The City has covenanted to comply with the restrictions, conditions and requirements of the Code necessary to preserve the tax-exempt status of the Refunding Bonds. For purposes of this opinion we have assumed continuing compliance by the City with such restrictions, conditions and requirements.

The rights of the owners of the Refunding Bonds and the enforceability of those rights may be subject to bankruptcy, insolvency, reorganization, moratorium and similar laws affecting creditors' rights and the enforcement of those rights may be subject to the exercise of judicial discretion in accordance with general principles of equity.
