RE: Map of Dedication for APS Bullard Substation
Case No. 18-550-00001

Dear Ms. Katie Wilken,

We respectfully request an extension of approval for the APS Bullard Substation Map of Dedication (MOD) that recently expired on March 17th, 2019. It is our understanding that the MOD expires within 90 days of City Council approval if it is not recorded with Maricopa County. Due to a longer than anticipated plan review and approval timeframe with Roosevelt Irrigation District, we were unable to obtain construction document approval until March 21st, 2019. We were also unaware that the MOD was initially approved by City Council prior to construction document approval. The MOD continues to comply with City Standards and has not been revised from the original MOD that was approved by City Council.

Sincerely,

A handwritten signature in black ink, appearing to read "Clay", with a long, sweeping horizontal stroke extending to the right.

Clay Allsop
