17. [2019-6752](#) AMENDMENTS TO GOODYEAR CITY CODE CHAPTER 11 AND ARTICLE 1-8 REGARDING VAPING REGULATIONS, RESTRICTIONS AND PENALTIES

City Attorney Roric Massey presented. Previously, Council directed staff to submit for approval revisions to the 2002 non-smoking ordinance expanding the smoking regulations to include vaping. The proposed ordinance incorporates both the act of vaping and the vaping devices into the non-smoking ordinance and prohibits the use of these products in public places such as restaurants, places of employment, city facilities and vehicles and parks; restricts the use and possession of vaping products in schools; and requires retailers to physically check for an ID. Retailers are prohibited from selling smoking and vaping products to persons under 21.

The ordinance has an emergency clause, so it will go into effect immediately; however, the city will not actively enforce the ordinance for 90 days. Police Chief Jerry Geier added that there will be a communication plan to educate the community on the effects of the ordinance and will focus on residents, schools and retailers. Media outreach has already begun. Information will be published in the November 2019 edition of the inFocus.

Alex Nelson, a Goodyear business owner, spoke against the resolution, stating that the effects of vaping are being misrepresented by the media. He supports enforcing the current laws, increasing the fines for children caught smoking or vaping, and increasing the fines on vape stores caught selling to

minors.

Council thanked staff for bringing this item forward and expressed support for the communication plan and support for additional action by the state.

Council asked if the devices are confiscated on school property. Mr. Geier explained that issues involving tobacco or flavoring are handled administratively by the schools. The school resource officers are involved and an arrest is made for possession of THC or other illegal substances.

18. [2019-6765](#) COMMUNITY PARAMEDICINE PILOT PROGRAM WITH UNITED HEALTHCARE

Fire Chief Paul Luizzi presented. He recapped that community paramedicine involves paramedics proactively visiting patients who use the 9-1-1 system for non-emergency needs. The program is a partnership between United Healthcare and the cities of Peoria and Surprise to focus on broader healthcare and improving medical and public health systems. The goals of the program include reducing calls to 9-1-1 and reducing hospital admissions.

Council asked for information regarding the program, such as who will provide the service, when it will operate and which vehicles will be used. Mr. Luizzi explained that city paramedics who have been specially trained for the program will work in concert with firefighters and paramedics from Peoria and Surprise. The vehicle will operation from 9:00 a.m. to 5:00 p.m. three days per week. Staff has begun contacting high-use patients to schedule appointments.

19. [2019-6770](#) **AMENDMENT EIGHT TO THE INTERGOVERNMENTAL AGREEMENT WITH THE REGIONAL PUBLIC TRANSIT AUTHORITY TO IMPLEMENT A TWO-YEAR PILOT PROGRAM FOR RIDECHOICE**

Administrative Services Supervisor Christine McMurdy presented a proposal to implement a two-year pilot program that will provide transportation service to Goodyear residents who are ADA certified. The program is run by a contractor chosen by Valley Metro. The service operates 24 hours per day, seven days per week, including holidays.

Council expressed support for the program.

Council asked how many residents in Goodyear are eligible for the program. Ms. McMurdy responded that it is difficult to determine how many are eligible as they only have data for the three-and-half mile service area where transit service is currently provided.

Council requested staff provide service statistics in the near future and an analysis of the potential costs based on the highest number of users. Director of Engineering Rebecca Zook clarified that the program is capped at \$200,000 each year for two years.

MOTION BY Vice Mayor Stipp, SECONDED BY Councilmember Kaino, to AUTHORIZE the City Manager to approve Transit Services Amendment Eight between the city of Goodyear and the Regional Public Transit Authority to implement a two-year Pilot RideChoice program in Goodyear and AUTHORIZE a budget transfer of \$200,000 from the Park and Ride Marquee fund balance to pay for the first year of the two-year pilot program. 20. [2019-6785](#) **BULLARD WASH EMERGENCY REMEDIATION AND CONSTRUCTION WORK**

Director of Engineering Rebecca Zook introduced Deputy Director of Engineering Sumeet Mohan, who gave a brief overview of his background and presented. The area of concern is the Bullard Wash between Camelback Road and Indian School Road.

The city is in the process of installing a temporary bypass to allow for the storm drain to be repaired and/or replaced. Staff is requesting funding of \$695,000 using proposed Funding Option 2, which calls for using \$125,000 from both the City Manager Contingency Fund and the Council Special Project Fund.

Councilmember asked what balance of the Council Special Project Fund and the City Manager Contingency Fund would be after the transfer? Finance Director Doug Sandstrom stated that \$12,000 would remain in the Council fund and \$125,000 would remain in the City Manager fund.

Councilmember asked whether the improvements will eliminate the water flows into PebbleCreek. Ms. Zook explained that the city has been coordinating closely with the PebbleCreek community. There are some improvements that PebbleCreek has to make, but they were waiting to determine what the city would do before acting. The improvements the city is making will alleviate some of the flows, but due to changing weather conditions each year, there is no way to guarantee that the flows will be stopped completely.

MOTION BY Councilmember Hampton, SECONDED BY Campbell, to APPROVE all budget transfers needed up to \$695,000 as shown in Funding Option 2 and all expenditures necessary to address emergency repairs to the storm water and irrigation system in Bullard Wash Phase 1 Park. The motion carried by the following vote:
