Fiscal Impact: Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the City. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the City through payment of permits, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development.

Background and Previous Actions

- The Sedella Planned Area Development (PAD) was approved by the City Council on June 13, 2005, with the adoption of Ordinance No. 05-946.
- The preliminary plat for Sedella was approved by the City Council on June 13, 2005.

Staff Analysis

As set forth in the attached preliminary plat Council Action Report, the proposed subdivision is consistent with the General Plan and will not adversely impact the surrounding area. Further, the proposed subdivision is consistent with the technical requirements of the city's subdivision regulations and engineering standards, and provides for the orderly development of the property by identifying the required infrastructure needed to serve the development.
