OLD BUSINESS

None.

NEW BUSINESS

1. Discuss the Public Artwork Proposal for the New Civic Square

The committee reviewed the Council vision for the Civic Square project and discussed the types of public artwork that complements the goals and urban environment. Committee identified potential project goals:

- Artist created environment.
- Artwork to encourage reflection and contemplation.
- Engage audience with a memorable photographic spot.
- Intersperse artwork throughout urban environment.
- Consider how art can move through space, example- art on the ground, moving up the wall and then suspending in the air.

2. Discuss Public Artwork Concept that will Celebrate the Goodyear 75th Anniversary

The committee discussed the potential of the project if there is budget approved. If no budget is approved specifically for the 75th Anniversary, the committee supports the art concept being considered in future fiscal years without the 75th Anniversary theme. The concept includes, multiple monolithic panels being completed by one artist that are displayed throughout the city as singular art objects. After a six-month exhibit, the panels will be connected to each other and installed at Bullard Wash Park as one complete installation. The committee asked Administrator Ozlanski to include

these projects in the FY2021 Annual Public Art Plan.
